Our University Partners

Your first step to Success

Our Diploma in Accountancy programme provides students with a rigorous curriculum designed to equip them with the relevant contemporary knowledge and practical skills to help organisations make correct decisions. Students will acquire skills that are relevant to dealing with the complex and challenging international business environments. Upon graduation, they will be able to pursue further professional accounting qualifications with ACCA, CIMA, CPA, CFA, RFP, CTIM, ICAEW, MIA, MICPA, among others.

Why are we unique?

- In addition to our Diploma in Accountancy, we offer graduates a second award of ACCA's Diploma in Accounting and Business + 2 ACCA certifications:
 - Introductory Certificate in Financial and Management Accounting.
 - Intermediate Certificate in Financial and Management Accounting.
- Graduates will only need to complete 7 papers to obtain access to ACCA qualification and global recognition.
- Students will receive the best of experiential learning and current industry knowledge from our dedicated and experienced lecturers.
- Our course structure is designed to prepare students for further degree studies or professional qualifications, as well as the working environment.
